Why use Cuchi Shipping

S.H.I.P. = SPEED, HANDLING, INFORMATION AND PURCHASING POWER

SPEED: Cuchi Shipping has a staff of dedicated professionals that make sure of the accurate and timely submission of client's official documentation.

HANDLING: Cuchi Shipping understands that part of their responsibility is to fully support client's through all procedures. If a problem does arise, Cuchi Shipping can draw upon their established relations with carriers in order to obtain a favorable solution.

INFORMATION: Due to the changing time, many countries have adopted more comprehensive procedure with regards to regulating commodities that are accepted at their ports, including how they must be packed and what sort of documentation must accompany them. Cuchi Shipping ensures that clients are kept up to date with requirements and procedures in order to avoid timely and potentially costly mistake.

PURCHASING POWER: Cuchi Shipping understands that cost is an important factor for their clients. Due to established relations with carriers, Cuchi Shipping is able to offer exceptionally competitive rates to many destinations across the globe.

GLOBAL LOGISTICS SOLUTIONS

1. Project / Heavy Lift / Oil & Gas / Energy Cargoes Handling

Our Project Department together with our back-up organizations will provide services on a Nationwide and Worldwide basic, including all labor, supervision, technical and professional assistance, supplies and equipment to perform following functions:

- Meeting with customer's representative and designated suppliers to review the materials and equipment to be transported and discuss all technical requirements.
- Setting up project master files by Purchase Order Number and establishing the logistics of transport on the whole.
- Auditing the Purchase Order Number to determine the cargo (hazardous, heavy lift/ long length, fragile, high value, refrigerated etc.) and checking delivery schedules, method of transport, special transport requirements, costs verification and documentation-requirements of each order.
- Contacting sellers well in advance to obtain date of readiness and all relevant cargo details.
- Evaluating the necessity of providing expediting services on cargoes.
- Nominating vessels/aircraft and booking cargo with ocean and air carriers.
- Issuing shipping instructions to suppliers, transport agencies and other as appropriate, naming port of export, vessel's name, scheduled loading and cut-off dates.
- Tracing and expediting shipments as necessary during the inland shipping phase including filing letters of protest to inland-carriers in case of visible damages as well as issuing over-, short-, and damage reports.
- Cross-checking arrival notices and warehouse receipts with relevant commercial invoices.
- Processing consular documents, customs invoices and letters of correction in accordance with prevailing regulation.
- Preparing and processing ocean Bills of Lading and/or Airway Bills of Lading.
- Auditing carrier's freight bills for correct rates, weight and measurement.
- Assisting for and supervision of loading and unloading of cargo.
- Timely preparation and dispatch of documentation for pre-clearance at destination. Electronic transfer of pertinent data is available.
- Investigating the possibilities of establishing a customs bonded facility for intermediate storage of materials until required to be clear through customs.
- Providing or arranging for a contractor at destination to perform customs clearance and final delivery to job-site. Providing technical and engineering services for the placing of heavy lift items on to foundations.
- Performing and other services which can reasonably be expected to ensure the prompt and efficient freight forwarding from seller's workshops (worldwide) to final destinations.
- Provide up-to-date information with regard to:
 - New services and other changes,
 - Technological changes in the transport industry, which may lead to more convenient or economical transport services.

Our Owned/hired Facilities for handing Heavy lift/Project...

A GLOBAL LOGISTICS SOLUTIONS

CUCHI SHIPPING +3,000 OVERSEA OFFICES ALL OVER THE WORLD

Cuchi shipping has passed strict entry procedures and has been awarded many famous networks like: GPLN, CEE, WCA PROJECT, PCN, WFN, FIATA. This means that they are connected to more than 3,000 offices, each of whom has extensive knowledge of their local market.

Belonging to these famous networks provides Cuchi Shipping with the expertise necessary to meet the demanding requirements of the world's top importers and exporters.

Being connected to worldwide networks mean that just one call is all that is needed to move cargo from any point in the world by air or sea – clients can leave the rest to Cuchi Shipping and their strong networks.

By working in close co-operation with their fellow Networks members, Cuchi Shipping provides first class local service on a truly international scale.

Each of the 3,000+ oversea offices are managed by a privately owned companies, so they can focus 100% on adapting and adjusting to specific request, unlike many multinational transport companies who are restricted by rigid policies and procedures.

Cuchi Shipping and their fellow Networks members have created a strong partnership in order to provide not only unrivalled personal service, but at the very competitive price.
